

Locate/ Action every time the notification is sent by telephone. Alerts will be sent 1 time every 24 hours. If vehicle leaves Geo-Fence area, returns and exits again, an additional alert will be sent. To stop the notifications, simply clear the Geo-Fence feature in the same manner that it was set.

USING CYBERTRAK VIA TELEPHONE

You may access your CyberTrak unit via phone 24 hours a day. Before you access your vehicle by phone you will need to have the numeric phone login and password numbers.

- a. To obtain your log in number go to www.cybertraklocate.com, log in with the log in name and password that you submitted on the subscriber form
- b. Go to the Control by Phone
- c. Note the Phone Log In and password number, write this down and keep with you

- d. To contact your CyberTrak unit via telephone: Dial 800 926 4120
- e. Follow the voice prompts
- f. Enter your telephone log in number and password
- g. Select which command you desire and press the corresponding number on your telephone:

- 13 Clear Geo-Fence
- 14 Re Enable Starter
- 15 Disable Starter
- 12 Set Geo-Fence
- 8 Trigger Extra Output
- 10 Today's Fastest Speed
- 2 Location Request
- 4 Unlock Doors

When the function desired has been completed the automated operator will give you detailed information for that particular function.
